☐ Business Description:(you may provide one, or we can draft one for your approval):

→ HOMEPAGE INTRO

At Park Dental Clinic, we believe every patient deserves a dentist who listens as well as they treat. Located in the heart of Elamakkara, Kochi, we bring together specialist-level expertise, modern equipment, and a genuinely warm clinic environment — so that walking in feels less like a medical visit and more like being taken care of.

→ ABOUT US SECTION

Park Dental Clinic was founded on a simple belief — that quality dental care should feel approachable, not intimidating.

Led by Dr. Monish, a Dental Surgeon and Implantologist with over 20 years of experience, the clinic has grown into one of Elamakkara's most trusted multispeciality dental practices. Dr. Monish completed his BDS from Rajas Dental College and his postgraduate degree from Manipal University, and is a member of the Indian Dental Association. From routine cleanings to advanced smile makeovers, from painless root canals to precision implant placements, every procedure at Park Dental is performed with the same standard — modern equipment, B-class sterilisation, and a team that takes the time to explain every step before it happens.

Patients have travelled from across Kerala — and even from Lakshadweep — to receive care here. With a 4.9 rating across nearly 900 patient reviews, the clinic's reputation speaks for itself. But behind the numbers is something simpler: a team that genuinely cares about the people walking through the door.

Whether it's your first dental visit or your tenth, you're in good hands at Park Dental.
